Dearest Master,

Everything is arranged beautifully here. Peter has done an unbelievable job of setting up a tent which could hold up to 400 people. There will be a large lunch served for 35 rupees in a covered area next to the satsang tent. A smaller meal or snack will be served in the evening.

Tonight there were around 125 people. From Lucknow - probably 25 - many from Christopher's course which begins Friday. The Tourist Bungalow satsang is right across the road. So far I have not seen anyone I know from there, although I suspect there were some attending tonight.

Madri and Suman are representing ⁽²⁾
the Ganga's foundation very well and
making sure that people are comfortable
physically. I am happy they are here.
Jee, Dyanand, Atmanand, Prem Nosh and
others help Peter and help me with all
logistics. It has started well.

Dearest True Master - all is made
possible only through your mysterious
grace, all arrangements, all silence, all
words, all victories are yours. Gratitude
is endless.

There is no fax at the Ashok -

Atmananda will take this to a local fax
office - The number where I can receive
faxes is ~~0631-23770~~ 0631 - ~~23770~~ 23770
I am yours, Ganga
