

Live Webcast Membership Payments and Policies

Please read carefully the following important information:

Registration and Access to Program Features

Upon registration, you will have immediate access to:

- audio and/or video clips that are posted each month
- recordings of our monthly sessions with Gangaji
- live webcasts of monthly sessions with Gangaji when offered
- Upon confirmation of your membership, The Gangaji Forum

You will also be registered with Maestro Conferences for access to the monthly conference calls. We do our best to process late registrations right up until the live program begins, but cannot guarantee conference call access after this time.

Payments

Your monthly membership fee will be processed automatically each month on or around your registration anniversary date unless you cancel your membership. You will have continued membership to all facets of the program unless you cancel.

Recordings

The recordings will be available on the *Member's Dashboard* page a few days after the call and will remain there for three months. The clips and recordings are streamed and not downloadable.

Cancellations

If you choose to cancel your membership, your access to the *Member's Dashboard* and the forum will continue through the end of your current subscription month.
